

# Tartar Teen Talk

By Pam Anderson

The end of the school year is rapidly approaching and with this comes the annual banquet, elections, and ceremonies. Within the next 33 days (all that remains of the 1967-68 school year) students will be kept busy with forms for office, forms for schedules, forms for summer school, and forms for graduation.

Pep squad tryouts are first on the calendar. Cheerleader candidates will go before a board of teachers and administrators. The ten with the highest score will compete in front of the school at the election and call. Tryouts for flag twirler candidates will take place in May.

All applications for student body candidates were due today. There is a tremendous shortage of candidates, even the presidency is unopposed. The speeches will be held next Wednesday with voting the following day.

MAY IS the month of wed-

dings, flowers, and banquets. TBS will host the Athletic banquet, the GAA banquet, the Achievement Awards banquet, and the Roman-banquet during this month. The annual Achievement Awards banquet will take place May 9 in the boys' gym. There are 21 categories ranging from math and science to work experience and homemaking. There will be a number of certificate winners and one trophy winner in each category.

Prom plans are quickly coming to an end as the date for "Moonlight and Roses" comes closer and closer. The prom site is the Airport Marina Hotel and the date is May 18. This is the first time that the prom has been a senior prom only and it is also the first time the prom has been a dinner-dance. The music will be provided by the Keith Williams Orchestra and a special entertainment will be announced later. Prom bids are \$16.50 and will be

## HAHN REPORTS

# Well Lighted Street Is Essential in Crime War

By KENNETH HAHN  
County Supervisor

"... let there be light, and there was light." Genesis 1:3. Even from the beginning, light has been essential.

Anyone who has flown into Los Angeles International Airport at night realizes the beautiful spectacle of the hundreds of thousands of street lights, neon signs, and homes lighted below.

In serving as your representative in county government, I have always encouraged and placed high priority on providing well lighted streets throughout the county.

A WELL LIGHTED street available in the activities office.

Since the end of the year is not too far off, the Tartar Lady and Tartar Knight service clubs are open for new members. Applicants must be juniors or seniors next year with a "B" average. Applications will be available in the activities office. Later...

is equal to a foot patrolman in preventing crime.

Not only do good lights provide better safety in communities, they improve the appearance in a neighborhood by making streets more friendly.

When your friends or relatives come to call, they can find your address better on a well lighted street.

The elderly, especially, know the value of good street lighting.

I ADVOCATE better lights not only on major highways, but also on side streets and residential streets, particularly near alleys.

Thousands of street lights have been installed in the unincorporated area of my district.

For example, in the Florence-Firestone area, more than 2,500 street lights have been added or upgraded since July, 1961.

In the past two years, more than 500 new street lights have been installed in the Willowbrook area, which be-

came a part of my district on January 1, 1966.

THIS MONTH a petition signed by residents of the Angeles Vista Lighting District was approved for the installation of 163 additional lights.

It will call for providing 130 lights on new wood poles and 33 on existing wood poles in the area bounded by Angeles Vista on the north, Slauson Avenue on the south, Victoria on the east, and Eileen Avenue on the west.

I am pleased that many cities, including Los Angeles, have also stepped up their street lighting campaigns.

I COMMENT the women's clubs and PTAs who have always supported programs for better lighting.

## Teen Girls Set Fire At School

Four teenage girls were jailed Sunday evening for setting a fire in Sam Levy School's Building E.

Firefighting officials said the girls, age 15 to 17, apparently wanted to set off the fire alarm without actually burning down the building. Water damage from the automatic sprinkler system was slight.

Witnesses who recognized the girls led police to their nearby homes. The four youngsters have refused to name the teenage boy who allegedly took part in the escape.

# Have You Heard?

THERE IS A MEN'S CLOTHING STORE IN TORRANCE WHERE YOU CAN GET CUSTOM FITTED, QUALITY CLOTHING AT PRICES TO FIT ANY BUDGET! COME IN AND SEE FOR YOURSELF!

Men's Suits \$59
